COLLEGE of VISUAL ARTS

Ellen Skoro
FACULTY–PHOTOGRAPHY

I am the chair of photography and an associate professor at CVA. My work is primarily with color portrait photography, and my current series is about a close-knit group of women who travel to northern Minnesota together each summer. I exhibit locally and nationally at venues such

offerings include studio arts, English
and art history, and orientation to
art and design. Students become
proficient in the visual vocabulary,
technical skills, and problem solving
strategies necessary for success.
